

BEMBRIDGE HARBOUR AUTHORITY
Local Notice to Mariners

No 5/2019 (this notice is self-cancelling)

10th April 2019

Channel Navigation Buoy Maintenance

Notice is given that with effect from Wednesday 10th April 2019, Bembridge Harbour staff will commence routine channel navigation buoy maintenance.

In order to clean and refurbish the buoys, they will be removed in batches of two at a time.

While off station the navigation buoys will be replaced with temporary marker buoys.

It is not anticipated that there will be any disruption caused to harbour users or operations, and this maintenance project is expected to be completed by the end of May 2019.

Gordon Wight
Operations & Safety Manager
